Part A includes Pre-contract Information to assist the Client in understanding the basic rules applicable to the future contractual relationship between the Client and ČSOB.

Part B contains the actual Conditions and Terms establishing mutual rights and obligations between the Client and ČSOB. The Conditions and Terms shall become binding upon both parties after the contract is concluded.

Should the Client have any questions or need any clarification, they may contact any ČSOB branch or call ČSOB's info line at 495 300 300.

A. PRE-CONTRACT INFORMATION

ČSOB

1. In its line of business, ČSOB provides services in accordance with the Banks and Banking Licences Act.
2. ČSOB provides products and services within the scope of these Conditions and Terms through ČSOB branches and Czech Post branches (collectively referred to as “**Points of Sale**”), or through other contractual entities, the Client Centre, the Website and e-banking.
3. The scope of the services provided at individual Points of Sale may vary; for details, see the Website.
4. ČSOB's activities are overseen by the Czech National Bank with its registered office at Na Příkopě 28, 115 03 Prague 1, www.cnb.cz (hereinafter referred to as the “**CNB**”).

Framework agreement

5. ČSOB provides its payment services under a contract (and, where applicable, an amendment to an already existing contract) as well as under the relevant conditions and terms, which, alongside ČSOB's Price List for natural persons – citizens, including its individual parts (hereinafter referred to as the “**Price List**”), and any other arrangements comprise a framework agreement within the meaning of the PTA.
6. Where permitted by ČSOB, the separate arrangements comprising a framework agreement may also be entered into electronically, either with both parties attending, or using means of remote communication. The contract may also be concluded against a separate application, upon ČSOB's acceptance thereof.
7. In general, any pre-contractual documents (and other related documents) pursuant to the PTA are provided by ČSOB to the Client as follows:
 - a) in the Client's e-banking if agreed;
 - b) by email (to the last email address communicated by the Client) if the Client does not have e-banking;
 - c) personally to the Client in other cases.

8. Unless the Parties agree otherwise, the framework contract is concluded in the Czech language and for an indefinite term.
9. Unless agreed otherwise in specific cases, ČSOB may propose to the Account Holder to amend the framework agreement at least 2 months before the anticipated effective date of such amendment. Unless the Account Holder rejects the proposal to amend the framework agreement by the anticipated effective date of the amendment, the proposal is deemed to have been accepted. If the Account Holder rejects the proposed amendment to the framework agreement within the time limit specified above, they may terminate the framework agreement with immediate effect. For details see the Conditions and Terms, namely its section entitled "CONCLUDING PROVISIONS".
10. During the term of the framework agreement, ČSOB shall provide the content and other information provided in the PTA to Account Holder at the latter's request.
11. The Account Holder may terminate the contract at any time, free of charge, subject to a one-month notice period. For detailed conditions applicable to the termination and its consequences see the Conditions and Terms, namely the section on "Account Cancellation".
12. Where the framework agreement has been concluded through means of remote communication only, or outside a regular business establishment, the Account Holder may withdraw from the Agreement within 14 days following the conclusion of the contract. The notice of withdrawal must, as a minimum, include Account Holder's identification data (name, surname, date of birth and permanent address) and the number of the account maintained under the contract, or the date specified in the account opening notice or in the instructions for the disposal of any positive balance; it must be served in paper format, signed by the Account Holder and sent to Radlická 333/150, 150 57 Prague 5. The notice of withdrawal shall be deemed effective if sent to ČSOB on the last day of the time limit at the latest. If the Account Holder withdraws from the contract, they shall pay ČSOB the fees for all services provided during the contractual relationship.
13. The legal relationship between ČSOB and the Client shall be governed by the laws of the Czech Republic (hereinafter referred to as the "CR").

Provided Services

14. In particular, ČSOB provides the following account administration services:
 - a) cash deposits to, and cash withdrawals from, the account
 - b) money transfers to and from the account
 - c) Issuing and administering means of payment.
15. The payment for services provided is set out in the Price List available on the Website and at all Points of Sale. The pre-contractual information on the payment for services related to the payment account covered by the uniform designation will be provided by ČSOB to the Client through a separate document – Notification on information about fees, which is also published on the Website and at Points of Sale, always in CZK.
16. The current interest rates applicable to each type of account are laid down in the Notification of Československá obchodní banka, a.s., laying down the interest-related conditions applicable to deposits and credits in CZK – citizens, and the Notification of Československá obchodní banka, a.s., laying down the specified interest-related conditions applicable to foreign currency deposits and credits – citizens, available on the Website and at each Point of Sale (hereinafter referred to as the "Notifications"). ČSOB has the right to amend the interest-related conditions as stipulated in the Conditions and Terms, namely in the section on INTEREST AND OTHER PAYMENTS. Interest, or other proceeds are subject to taxation in accordance with applicable law. A tax relief under international treaties for the avoidance of double taxation may only be claimed at ČSOB branches or by correspondence.
17. Information on the exchange rates is posted on the Website and within the premises of Points of Sale. ČSOB executes currency exchanges in accordance with the provisions of the Conditions and Terms, namely the "PAYMENT SERVICES" section.

Payment Transactions

18. The identifier required for the proper execution of any payment order is the account number and the code of the provider for domestic payment services, and the IBAN or the account number and the code of the provider and the name of the account of the beneficiary for international payment services. In the case of a domestic Outgoing payment, a telephone number may be used instead of the beneficiary's account number.
19. The method of granting consent to the execution of a payment order and the method withdrawing such consent are stipulated in the "PAYMENT SERVICES" section of the Conditions and Terms, and the relevant Product Terms and Conditions.
20. A payment order is received once it is transmitted to ČSOB, unless the Client requires a later due date. In some cases, a payment order is deemed to be received on the following business day after its submission to ČSOB.

The details, including the deadlines for executing individual types of payment orders, are agreed in the "TIME LIMITS FOR THE EXECUTION OF PAYMENT SERVICES" section of the Conditions and Terms.

21. Any unauthorised or incorrectly executed payment transaction must be reported by the Client to ČSOB in a manner agreed in the Terms and Conditions, section "PAYMENT SERVICES", without undue delay after the Client learns of such a transaction but no later than the end of the 13th month of the transaction. If an unauthorised payment transaction is executed or ČSOB is liable to the Account Holder in the role of the payer or the payee for an incorrectly executed payment transaction, ČSOB must immediately restore the balance of the relevant account as if the unauthorised or incorrectly executed payment transaction had never happened. If that is impossible, ČSOB shall return to the Account Holder the amount of the unauthorised or incorrectly executed payment transaction, any fee paid, and the lost interest in a different way. ČSOB is not obliged to return the unauthorised payment transaction amount if it is the Account Holder that bears the loss thus incurred.

The Account Holder bears the loss incurred as a result of an unauthorised payment transaction:

- a) up to EUR 50 if the transaction is executed as a result of a payment instrument being misused or a lost/stolen payment instrument is used, except where the Account Holder / Authorised Account User does not act fraudulently and:
- could not have detected the loss/theft/misuse of the payment instrument prior to the unauthorised transaction being executed; or
 - the loss/theft/misuse of the payment instrument is the result of ČSOB's conduct;
- in these instances it is ČSOB that bears the loss incurred as a result of the unauthorised transaction;
- b) in full if the transaction is the result of the Account Holder / Authorised Account User discharging fraudulently or breaching wilfully or by gross negligence the obligation to use the payment instrument in accordance with the contract, protect the instrument (its security features) against loss/theft/misuse, and report any loss/theft/misuse of the payment instrument to ČSOB without undue delay, except where the Account Holder / Authorised Account User does not act fraudulently and:
- the loss is incurred after the Account Holder / Authorised Account User has reported the loss/theft/misuse of the payment instrument to ČSOB; or
 - ČSOB fails to secure suitable means for that report; or
 - ČSOB breaches its obligation to demand strong authentication of the Account Holder / Authorised Account User;

in these instances it is ČSOB that bears the loss incurred as a result of the unauthorised transaction.

Please refer to the Terms and Conditions, section "PAYMENT SERVICES" for more details on the liability for unauthorised or incorrectly executed payment transactions (even if it is the Account Holder that bears the loss incurred as a result of the unauthorised transaction).

22. The Account Holder as a payer may claim a refund of the amount of an authorised payment transaction executed against a direct debit within 8 weeks of the date, on which the funds were debited to their account if, at the time of the authorisation, the exact amount of the payment transaction was not specified and the amount of the payment transaction exceeds the limit set by the Account Holder. At the time of submitting their request, the Account Holder must provide evidence to ČSOB showing that the conditions for the refund of the amount have been met; if they do so, ČSOB will refund the amount to the Account Holder within 10 business days of receiving such justified request.
23. ČSOB may exercise a payment cancellation without the Account Holder's prior consent as long as the amount of the payment transaction has not been cleared in accordance with the payment order. ČSOB shall inform the Account Holder of the payment cancellation.
24. ČSOB notifies the Client of any suspected unauthorised or fraudulent use of the payment instrument, in particular via phone or SMS to the relevant phone number of the Client registered in the Bank's systems or in another manner specified in these Conditions and Terms, in the section "MUTUAL COMMUNICATION".
25. ČSOB shall inform the Client of the failure to execute a payment order in the manner specified in the Terms and Conditions, in the section "PAYMENT SERVICES".

Payment means

26. If payment means are provided to the Client (e.g. a debit card, e-banking), the Client is obliged to take the necessary measures to safeguard their personalised security features in accordance with the applicable conditions and terms (e.g. Payment Card or Electronic Banking Terms and Conditions); the conditions and terms also stipulate the method of reporting a loss, theft or misuse of the payment means and lay down the rules for blocking them.
27. The Client may agree with ČSOB to limit the total amount of payment transactions made using their payment means during a certain period of time.

Communication

28. Unless otherwise agreed, ČSOB shall communicate with the Client in Czech during the term of the framework agreement, as stipulated in the "MUTUAL COMMUNICATION" section of the Conditions and Terms.
29. By default, ČSOB sends account statement once a month, electronically via the e-banking or by e-mail. ČSOB is entitled to apply charges to statements sent in a different form, or at a shorter interval.

Insurance

30. The account funds are insured in accordance with Act No. 21/1992 Coll., on banks, as amended (detailed information is provided in the Information sheet on the deposit-guarantee scheme available on the Website).

Codes of Conduct

31. ČSOB undertakes to comply with Czech Banking Association (CBA) Standard No. 19/2005 ("CBA") "Code of Conduct between Banks and Clients" as well as CBA Standard No. 22 "Client Mobility – Payment Account Change Procedure" based on the PTA (hereinafter the "Client Mobility Standard"). The Client Mobility Standard defines the principles and rules applying to the account change procedure, which facilitates the Client's transition from one bank to another. Both Standards are available at www.czech-ba.cz.

Complaints and out-of-court dispute resolution

32. ČSOB accepts and handles Clients' complaints and claims in accordance with the ČSOB Complaint Rules, available on the Website and at Points of Sale. An Authorised Account User may only file a complaint against the way a payment transaction has been executed if they have personally authorised the transaction.

If the Client is dissatisfied with the way their complaint has been dealt with, they may have recourse to the ČSOB Group Ombudsman as follows:

- a) Československá obchodní banka, a. s., Ombudsman of the ČSOB Group, Radlická 333/150, 150 57 Prague 5,
- b) via a web form on the ČSOB Website
- c) by email to ombudsman@csob.cz or
- d) to the ČSOB data box: 8qvdk3s

(in the subject of the message the Client shall indicate „Appeal for the handling of a complaint“)

Any complaints may also be addressed to the CNB; in the event of a dispute, the Client may contact the Financial Arbitrator, Legerova 1581/69, 110 00 Prague 1, www.finarbitr.cz.

B. CONDITIONS AND TERMS

I. OPENING AN ACCOUNT, ACCOUNT ADMINISTRATION AND ACCOUNT CANCELLATION

General conditions and terms

1. ČSOB opens and maintains accounts and provides related payment services under separate contracts on accounts, payment means and other payment services, as well as under the relevant conditions and terms, which, along with the Price List and other arrangements, form a framework agreement within the meaning of the PTA. No legal right exists to conclude a contractual relationship with ČSOB. The legal relationships between ČSOB and the Client shall be governed by the laws of the Czech Republic.
2. Prior to entering into a contract / providing a service, ČSOB identifies and checks the Client or a person representing them at least as required by the relevant legal regulations. Should these persons refuse the identification and check required by ČSOB, the contract will not be concluded or the service will not be provided. As part of the check, ČSOB may at any time during the contractual relationship require that the identification data of the above-mentioned persons be added to or, that a proof of ID or further information be produced by the Client, in particular with a view to proving the origin of the funds deposited at, or directed to, their account, documents attesting to the creditworthiness and liabilities of the Client, or their credibility, and the Client is obliged, within the cooperation, to provide the required information. Similarly, ČSOB shall be entitled to request the immediate submission of documents/information necessary to assess whether a particular transaction or trade is in compliance with the KBC Group's Embargo Policy available on the Website (ČSOB section, ČSOB Policies). ČSOB has the right to refuse to execute an order entered by the Client or any transaction, or to restrict the corresponding service or execute the order late, if it reasonably believes that this does not comply with the law and with the ČSOB procedures based on the law, the Contract or the KBC Group's Embargo Policy. If ČSOB exercises such a right, it shall not be held liable for any damage that may arise (e.g. as a result of a payment

transaction not being executed or being executed late). ČSOB can make copies of all documents submitted by the Client in relation to the fulfilment of the obligations relating to the identification of the Client and check, for the purposes of Act No. 253/2008 Coll., as amended, and process the information obtained in order to meet the purpose of that Act.

3. The Client is responsible for the timeliness, accuracy and completeness of all data communicated to ČSOB and is obliged to notify ČSOB without undue delay of any changes to such data and to document the data by producing a valid proof of ID, or any other document that clearly proves the veracity of such data, except for any changes in their correspondence address, or the address of their residence, which the Client merely communicates to ČSOB. The change of identification data (except for the change of the correspondence address) becomes effective on the day of its notification if it was notified at a ČSOB branch, and on the 5th business day after the notification date if it was notified at a Czech Post branch.
4. A citizen of the Czech Republic shall typically produce their identity card as proof of ID, while a citizen of another state will usually produce a passport as proof of ID or other documents required by ČSOB. Clients must promptly communicate any theft or loss of their proof of ID to ČSOB.
5. ČSOB may request a first deposit for account administration. The minimum amount of the first deposit is specified in the relevant Notification. If ČSOB requires the first deposit, the Client must ensure that it is credited to the account immediately after its opening. If the account opening application is rejected, ČSOB will return the deposit to the Client without undue delay. The Account Holder shall maintain their account balance at an amount that corresponds at least to the minimum amount of the first deposit and is also sufficient to cover the fees charged for the services provided.
6. ČSOB does not open multiple-holder accounts.
7. Unless specified otherwise in the account contract, the account name shall consist of the first and last name of the Account Holder.
8. The Account Holder will receive an account opening notification. Using the relevant form, the Account Holder may order documents for selected accounts based on which funds on the account can be disposed of (hereinafter the "**Document**"); selected Documents are also available at Points of Sale. The Account Holder is liable for any misuse of the Documents. Using copies of the Documents is not permitted. When using the Documents, the Account Holder/Authorised Account User is obliged to follow the instructions contained therein; otherwise, ČSOB is not obliged to accept and process the Document. The main part signed by the Client is decisive for the execution under the Document.
9. Clients may use services that involve the indirect giving of payment orders, providing information on payment accounts and confirming the account balance in accordance with the Conditions and Terms and technical conditions.
10. If the Client has not established e-banking services at the time of conclusion of the account contract, the Parties shall enter into a contract for the establishment of e-banking services and Agreement on ČSOB Identity simultaneously with the account contract.

Disposing of the account and of the account funds

11. Disposing of the account denotes any legal action leading to the establishment, amendment or expiry of the account contract, including the granting/modifying of the authority to dispose of the account funds; furthermore, e.g., negotiations concerning the provision of information on the Account Holder's accounts, their balances, or movements and balances of funds in these accounts.
12. The Client authorises their request regarding the disposal of the account in paper form, by attaching a handwritten signature according to the current Signature Specimen and/or using another method of authorisation agreed under a contract or determined by ČSOB.
13. The account funds may be disposed of using a payment order to execute a payment transaction, which may also be entered using payment means (for example debit cards or the e-banking).
14. ČSOB may refuse to accept a letter of authority to dispose of the account/to execute a one-off action related to disposing of the account funds which authorises the agent to confer the authority onto another person, or which is not drawn up on the specified form, or a letter of authority that is older than 3 months.

Disposing of the account

15. Any person other than the Account Holder may only dispose of the account under a legal authorisation or a special letter of authority granted by the Account Holder, which explicitly defines the specific legal actions when disposing of the account. If the letter of authority is not made in accordance with this clause, ČSOB is entitled to refuse it.
16. Only one legal guardian shall represent a minor Account Holder when concluding an account contract or a payment card contract. A bank account belonging to a minor Account Holder may only be operated by a legal guardian who has signed the account contract on behalf of the minor Account Holder. This also applies to the provision or parameter setting of additional services or changes in the payment card associated with the minor

Account Holder's account. Any independent legal action by a minor Account Holder / Account Holder with limited capacity leading to the disposing of the account is excluded. This does not apply if the minor becomes fully legally competent before reaching the age of majority.

Authorised Account Users

17. The Account Holder may authorise another person to dispose of the account funds ("**Authorised Account User**"). The authorisation may cover some of the following methods of disposing of the account funds, or a combination thereof:

- a) through payment orders in paper format, with a handwritten signature affixed
- b) through payment orders made using electronic payment means, etc.
 - payment card
 - e-banking services.

Each of the authorisations thus granted is assessed separately. The Account Holder always grants, changes and revokes the Authorised Account User's authorisation for a specific method of disposing of account funds. ČSOB may request the authorisation to be conferred using a specified form and may restrict the number of Authorised Account Users. The Authorised Account User must be over 18 years of age, unless otherwise stipulated in the corresponding product terms and conditions.

18. As regards the authorisation to dispose of the account funds by means of payment orders in hard copy, with a handwritten signature affixed, any changes to or revocations of such authorisations are to be done by issuing new authorisations using the applicable form.

19. If the authorisation is issued at a ČSOB branch, it takes effect on the day of its issuing. If the authorisation is issued at a Czech Post branch and accepted by ČSOB, it takes effect on the 2nd business day no later than from 16:00 after the date of its issuing. If the authorisation includes the preparation of a new Specimen Signature for the Authorised Account User, the Authorised Account User is only entitled to use the funds after the Specimen Signature comes into effect. If the revocation of an authorisation is delivered to ČSOB in another manner and accepted by ČSOB, it comes into effect on the 2nd business day following the delivery of the revocation to ČSOB.

20. If the Account Holder has a limited legal capacity, is insolvent or faces the risk of insolvency, the authorisation may only be changed at a ČSOB branch.

21. ČSOB shall provide a payment card to the Authorised Account User under a special contractual arrangement with the Account Holder. ČSOB shall set up an e-banking service to the Authorised Account User under a special contractual arrangement with the Account Holder and a related contractual arrangement with the Authorised Account User. In such a case, the rights and obligations of the Account Holder and the Authorised Account User are also governed by the special conditions and terms relating to such payment means.

22. An Authorised Account User authorised to dispose of the account funds through payment orders bearing their handwritten signature may also check the current account balance and the movements and changes in the account funds, including through account statements, and collect all correspondence addressed to the Account Holder, unless the latter is intended strictly for the Account Holder, and is also authorised to use the Providing Information on the Payment Account service and the Payment to contact service.

23. Under exceptional circumstances, the Account Holder may authorise a third party to execute a one-off transaction to dispose of the account funds. The transaction covered by the authorisation granted must be accurately defined in the letter of authority and ČSOB may require the letter of authority to be submitted to the Point of Sale up to 5 business days prior to the intended transaction date. If the letter of authority is not made in accordance with this clause, ČSOB is entitled to refuse it.

Specimen signature

24. The Client shall use their specimen signature ("**Specimen Signature**") to authorise payment transactions to be executed against a payment order in hard copy, with a handwritten signature affixed and to sign any legal acts aimed at the disposal of the account in accordance with the requirements of ČSOB. The Client may use up to two Specimen Signatures, provided in a dedicated form. In the event two Specimen Signatures are used, the signature provided in the "Specimen Signature 1" field is used for signing payment orders relating to accounts, of which the Client is the holder, and that provided in the "Specimen Signature 2" field is used for signing payment orders relating to accounts, in relation to which the Client is merely a Authorised Account User.

25. The Specimen Signature must always be connected with the name of the signatory and meet ČSOB's security requirements. Signature sample must contain name and last name (or only last name) of the Client and must be executed in handwriting style (not capital letters). ČSOB recommends that the Specimen Signature be different from that used in regular correspondence. ČSOB may refuse to establish a Specimen Signature if doing so contradicts the agreed conditions and terms or ČSOB's security requirements.

26. The Client may change/establish a Specimen Signature by creating a new Specimen Signature using the currently used form. A new Specimen Signature shall take effect:

Place of establishment	Method / time of establishment	Effect of the new Specimen Signature (once established)	
ČSOB branch	paper format	at a ČSOB branch office where it was established	on the same day
		in other cases	on the following business day by 16:00
	biometrically, from 16:00	on the same day	
	biometrically, after 16:00	on the following business day	
Czech Post branch/before the courier	paper format	2nd business day, after 16:00 at the latest (if accepted by ČSOB and unless otherwise agreed)	

The valid Specimen Signature is always the one that appears in the relevant form with the latest date of Client's signature.

The Specimen Signatures provided on the forms under the Poštovní spořitelna trademark until 31 March 2015 and on the forms of ČSOB until 8 November 2010 remain valid until the Account Holder makes a change to the authorisation in the event that other persons also dispose of the account funds, or if the Account Holder is a minor or has limited legal capacity.

27. The Client shall use the Specimen Signature at ČSOB as a whole, i.e. both at ČSOB branches and at the branches of Czech Post which are contracted points of sale of ČSOB.
28. Clients with limited legal capacity may only change the Specimen Signature at ČSOB branches.

Disposing of the account funds without the Client's order

29. Without an order of the Account Holder / Authorised Account User, ČSOB may debit amounts to the account:
- when charging service fees as per the Price List
 - when executing a payment cancellation
 - when performing payments executed by ČSOB on behalf of the Client following the use of checks and payment cards, and to cover the due debit interest
 - when withholding taxes
 - in the course of enforcement, insolvency or other legal proceedings
 - in the event of a mutual settlement of receivables and payables (offsetting)
 - of the Account Holder, as a beneficiary, for the purpose of returning the amount of an authorised direct debit transaction to the account of the payer's provider upon the latter's request
 - if the condition has not been met for crediting a ČSOB account kept with a correspondent bank with an amount transferred from abroad, or a foreign currency amount transferred from within the Czech Republic
 - in other cases specified by the relevant legal regulations and/or agreed with the Account Holder.
30. At the express request of a competent public authority, ČSOB may debit funds corresponding to the pension payment or another statutory benefit (but only up to the credit balance on the account) to which the entitlement has lapsed due to the death of the beneficiary (pension recipient). ČSOB may proceed similarly in the event of similar foreign payments. If the account balance is not sufficient to cover the amount that has been requested back, ČSOB may inform the competent authority thereof.
31. ČSOB shall be obliged to block the account funds following a court decision or a decision of any other competent authority and to execute an enforcement or take any other legal steps in accordance with the applicable legal regulations. If the account balance is higher than the amount determined in the relevant decision, ČSOB may transfer funds corresponding to the amount specified in the relevant decision to a special account where they will be blocked; the transfer shall have no effect whatsoever on the interest the funds are liable to. ČSOB may also block the account funds if it is necessary to perform a corrective payment cancellation.
32. ČSOB shall be entitled to block a Client's payment means by reason of the security of the payment means, especially if there is suspicion that the payment means is being used without authorisation or fraudulently or upon a significant increase in the risk of the Client not being able to repay a loan that can be drawn through the payment means. ČSOB shall inform the Client about blocking the Client's payment means.

Disposing of account funds belonging to a minor Account Holder/Account Holder with limited capacity

33. Where the Account Holder is a minor, the responsibility for the account rests with the parent who signed the account contract on behalf of the minor, or, as the case may be, the one who has been specified as the Authorised Account User. A person other than the parent (or, as the case may be, legal guardian or person authorised to dispose of the minor's assets), cannot be appointed an Authorised Account User with regard to the minor's account. The parent may only dispose of the account funds belonging to the minor Account Holder to the benefit of the Account Holder. Consent of the court is required for the parent to execute other than the common transactions with the account funds. ČSOB shall not assess whether the court consent is necessary for a particular legal action. The parent shall be fully responsible for making sure that the exercise of the rights and obligations as pertains to the care of the minor's assets is in accordance with the applicable legal regulations and any court decisions. If the right and obligation of the parent to take care of the assets of the minor Account Holder cease to exist, ČSOB may block the funds on the account of the minor Account Holder. Once the Account Holder reaches the age of majority, the right of the Authorised Account User to dispose of the account funds by means of payments orders with a handwritten signature shall automatically cease to apply.
34. In the event that the Account Holder is represented by a guardian appointed by the court, the guardian may not dispose of the account funds but in the interest of the Account Holder, in accordance with the applicable law and with the court's decision, and is only responsible for the way the Account Holder disposes of the account funds as it pertains to them under the relevant legal regulations and the court's decision. ČSOB shall not assess whether a consent of the court or guardianship council is necessary for a particular legal action.

Account blocking at the Client's request

35. The Account Holder may request ČSOB to limit the disposal of account funds in one of the following ways:
- blocking all cash withdrawals and wire transfers from the account;
 - blocking funds on the account in the amount determined by the Account Holder;
 - blocking pay cheques issued for the account;
 - blocking of incoming bank transfers to the account requested as part of a Payment Account Change (Mobility) Request submitted to another bank.
36. The Account Holder may only request blocking through a specific form at Points of Sale. The blocking requested at a ČSOB branch becomes effective on the same day. The blocking requested at a Czech Post branch becomes effective within 3 business days of the application being submitted.
37. The blocking may only be revoked by the Account Holder in writing in paper form. The revocation requested at a ČSOB branch becomes effective on the same day. The revocation requested at a Czech Post branch becomes effective within 3 business days of the application being submitted. A blocking requested pursuant to Article 35(d) may only be revoked at a ČSOB branch.
38. ČSOB is entitled to charge blocking fees according to the Price List. The blocking of payment means (such as payment cards) is regulated by special business terms and conditions for these payment means.

Death of the Account Holder

39. The account contract shall not expire with the death of the Account Holder; instead, ČSOB shall continue to execute the payment transactions against payment orders transmitted to it by the Account Holder/Authorised Account User except those with regard to which the Account Holder/Authorised Account User has determined that they shall be discontinued after their death; executing (such payments) will be terminated by ČSOB on the day after it receives trustworthy information that the Account Holder has passed away.
40. A letter of authority granted by the Account Holder to dispose of the account funds shall not expire with Account Holder's death unless the contents thereof stipulate that it should be valid only during the Account Holder's life. However, a letter of authority granted before 31 December 2004 expires upon the death of the Account Holder unless the Account Holder informs ČSOB that it should continue to be valid after the Account Holder's death.
41. In the event of the Account Holder's death, ČSOB may change the type of account, which is no longer part of ČSOB's current offer, to another account type present in its current offer, which is by its nature the closest to that of the original product.
42. The heir shall be obliged to provide proof to ČSOB evidencing the acquisition of the rights and obligations associated with the account by submitting documents on the legally acquired inheritance.

Account change

43. The Account Holder may apply for a change of a payment account kept with another provider in accordance with PTA and the Client Mobility Standard. Further information on changing the account is available on the Website and at all Points of Sale.

44. ČSOB shall not execute a consent to direct debit and standing orders if the list from the existing provider does not include the data requested by ČSOB, and the Account Holder does not provide such data to ČSOB within the specified time limit, in spite of a prior request.
45. As part of the payment account change process, for a consent to direct debit, ČSOB may change the beneficiary's account number to that of an account kept with ČSOB if requested to do so by the beneficiary. ČSOB shall inform the Account Holder of the change.

Debit balance

46. The Account Holder may only use the funds up to the amount of the account balance (including any overdraft, where applicable). Wherever the available account balance is overdrawn (regardless of whether the overdraft occurs as a result of a non-agreed overrun, i.e. due to the Client using an amount higher than the balance, or as a result of fees being charged for the services provided, or as a result of any other payments ČSOB is entitled to debit to the account without the Client's order), a debit balance will apply. ČSOB shall generally inform the Account Holder of the emergence of the debit balance by a text message. Any subsequent notifications (first, a request to pay the debit balance and then a reminder to pay the debit balance) shall be charged according to the Price List. The Account Holder shall settle the debit amount immediately. Unless they do so, ČSOB may charge late payment interest at the statutory amount, with the interest rate as specified in the Notification. The late payment interest shall be payable immediately; at the end of the calendar month it shall be credited to the debit balance and ČSOB shall have the right to charge late payment interest on the amount thus increased.

Offset and assignment

47. Without ČSOB's prior written consent, the Account Holder may not assign or pledge their receivables from ČSOB resulting from the framework contract, or transfer the rights resulting from the contract to another party, or assign the contract as such.
48. ČSOB may offset its receivables from the Account Holder, mature or not, resulting from the management of the account or from other bank transactions. ČSOB may offset such receivables against the Account Holder's receivables, mature or not, from ČSOB, to which the Account Holder has become entitled in connection with the administration of any account or for any other reason. If ČSOB's offset-eligible receivables exceed the current balances at the Account Holder's accounts currently kept with ČSOB, ČSOB may block these accounts for the purpose of executing the offset (i.e., to render cash withdrawal, outgoing payment and direct debit from the accounts impossible) and use not only the current account balances, but also any funds to be credited to the account in the future to collect its receivables (offsetting)

Payment from an account that is subject to distraint

49. Where, under the applicable legal regulations, ČSOB is obliged to pay out to the Account Holder the funds deposited on their account, which is affected by an enforcement order, it shall only pay these funds out against the Client's written request, which must indicate the amount of the funds requested by the Account Holder and the number of the account affected by the enforcement, to which the request applies. A regular payment order shall not be regarded as a request of the Account Holder within the meaning of this point of the Conditions and Terms.

Transparent account

50. Where it is agreed between ČSOB and the Account Holder that the account is to be kept transparent (hereinafter referred to as a "transparent account"), ČSOB publishes on its Website the information on the account and on payment transactions concerning the account without undue delay after these transactions have been made. ČSOB may publish in particular the number of the account, the name of the transparent account, the accounting balance for the transparent account, the date of the debiting or crediting of a payment transaction and the date of its charging to the transparent account, the denomination or name and surname, or possibly the name of the account of the contributor, the variable symbol, the amount and currency of the payment transaction, and a description of the payment transaction (especially its reason or purpose).
51. The Account Holder is required to inform the contributor of the fact that the information on payment transactions concerning the transparent account is published and that by publishing this information, some information about the contributor may also be made public. ČSOB recommends that the Account Holder notifies the contributor not to use their personal identification number as a variable symbol. During the keeping of the transparent account, ČSOB may, after three years from the publication of the relevant payment and other information associated with the transparent account, remove this published information from its website.
52. ČSOB ceases to publish the information on transactions as of the day of the termination of the transparency of the account or as of the day of the termination of the account contract. In the case of political subjects (e.g. political parties, movements, etc.) ČSOB leaves the already published information on its website for at least three years from the day of the termination of the transparency of the account or from the day of the termination of the account

contract. After the expiry of this period, ČSOB may remove the corresponding published information from its website. In the case of other subjects, ČSOB may remove the published information as of the day of the termination of the transparency of the account or as of the day of the termination of the account contract.

Protected account

53. If ČSOB and the Account Holder agree, based on the Account Holder's request, that the account will be kept as a protected account pursuant to the relevant provisions of the Code of Civil Procedure ("Protected Account"), funds will be transferred to the Protected Account from the account subject to the enforcement of a debt with ČSOB specified in the Notification delivered to ČSOB within the meaning of the relevant provisions of the Code of Civil Procedure ("Seized Account").
54. The obligation under the agreement on the Protected Account shall end on the date of the termination of the agreement on the seized account or on the date of the termination of all enforcement proceedings against the Seized Account. If the Account Holder has other accounts with ČSOB subject to enforcement proceedings, the obligation under the agreement on the Protected Account shall end upon the expiry of the 14-day period within which the Account Holder was to designate another Seized Account at the request of ČSOB. ČSOB informs the Account Holder of the termination of the agreement and the cancellation of the Protected Account.
55. The Protected Account will only be credited with payments that are permitted by applicable law.

Account cancellation

56. The obligations under the account contract shall cease to apply upon termination, mutual agreement of the contracting parties or withdrawal.

Termination

57. The Account Holder may terminate the account contract in writing without indicating the cause. The notice period is 1 month, starting on the day of the receipt of the notice by ČSOB. As a general rule, the notice of termination can be submitted at a Point of Sale via the specified form, or through the e-banking, if permitted. ČSOB may request the notice of termination to be signed in accordance with the relevant Signature Specimen if the account balance exceeds CZK 300,000 as of the date of submitting the notice.
58. ČSOB may terminate the account contract in writing without indicating the cause. The notice period is 2 months, starting on the 1st day of the calendar month following receipt of the notice by the Account Holder.
59. ČSOB may only terminate the basic payment account contract on the grounds specified in the PTA.

Withdrawal

60. ČSOB may withdraw from the account contract and cancel the account if:
 - a) the minimum amount of the first deposit, if required, was not deposited to the account within 10 business days of its opening, or
 - b) the Client materially breaches the contract – the emergence of a debit balance shall always be regarded as a material breach of contract; or
 - c) the duration of the obligations arising from the contract or the use of the product or service becomes unacceptable or unlawful for ČSOB as a result of legislation or the internal rules or policies of ČSOB or the KBC Group.
61. ČSOB may only terminate the basic payment account contract on the grounds specified in the PTA.
62. The Account Holder may withdraw from the contract in the cases specified by law.

Consequences of terminating the account contract

63. The obligation under the account contract shall cease to apply on the effective day of the termination or withdrawal. ČSOB shall dispose of any positive balance of the cancelled account, minus the amounts of any non-posted payment transactions, as per the Account Holder's instructions granted in writing (in particular via a dedicated form) or via electronic banking services, within 7 business days following the termination of the contractual relationship (Outgoing payment or Cash withdrawal). Cash withdrawals of the positive balance of the account will always be made in CZK, with the exchange rate to be used according to the ČSOB exchange rate list valid on the date the funds are debited from the account. If the Account Holder requests the payment of the balance in connection with the account cancellation via a check voucher, the payment can only be made if the balance is sufficient to cover the check voucher fee. ČSOB will cancel the account within 1 month after the end of the contractual relationship, following the settlement of the mutual rights and obligations. In the event of an account on which an enforcement proceeding is being conducted, or with which the funds are secured under any other legal proceedings, the account will not be cancelled before the last proceeding is completed.

64. If the Account Holder does not grant ČSOB a disposition of the positive account balance no later than the date of the termination of the contractual relationship, ČSOB is entitled to exercise any of the following rights:
- exchange the balance of the foreign currency account into CZK at the exchange rate according to the ČSOB exchange rate list valid on the date of the cancellation of the account;
 - pay the balance to the Account Holder by a cheque sent to the Account Holder's mailing address.
65. If a situation arises where the currency of the cancelled account is not specified in the ČSOB exchange rate list, ČSOB is entitled to use the CNB exchange rate valid on the relevant date for the exchange of the positive balance into CZK in accordance with clauses 63 and 64 instead of the exchange rate according to the ČSOB exchange rate list. In the event that the CNB exchange rate cannot be used, ČSOB is entitled to exchange at the current market rate.
66. The Account Holder is obliged to settle all their liabilities arising from the contractual relationship no later than as of the date of termination of the contractual relationship and return to ČSOB all unused Documents issued for the account (including damaged or invalid Documents) before the contractual relationship is terminated. The Account Holder is liable for any misuse of unreturned Documents.
67. The instruction to pay out the balance must contain the specified essentials for a payment order served in paper format (for details, see the "PAYMENT SERVICES" section and the Website). ČSOB does not apply any interest to the positive balance on a cancelled account, and unless the balance is paid out, ČSOB transfers it to its internal account and registers it until the lapse of the statute of limitation for the right to its payment. The Account Holder is required to settle all of their obligations resulting from the contract at the latest by the date of termination of the contractual relationship.

II. INTEREST AND FEES

Interest

1. The account funds are subject to ČSOB interest rates in accordance with the interest-related rules applicable to the respective currency. Specific ČSOB interest rates are specified with regard to individual currencies, periods and products. The current interest rates are set in the relevant Notification available on the Website and at all Points of Sale.
2. ČSOB is entitled to propose to the Client to change the interest rate specified in the Notification, even to a negative amount. It shall inform the Client of such a change 2 months in advance before it becomes effective in the manner and with the consequences specified in Section VII.8 of these Conditions and Terms.
3. Interest shall start to be applied to the funds once the funds are credited to the account and cease to be applied on the day preceding the funds being debited to the account. The interest on the account balance is calculated on a daily basis and credited at the end of each calendar month, in the currency of the account. The interest is credited to the account balance unless agreed otherwise.
4. If the account opening application is rejected, the first deposit will not bear interest.

Fees

5. ČSOB may charge and collect fees for the services provided as specified by the Price List in force on the date of charging the fee.
6. The fees are payable on the day of being cleared. The fees for the account management, sending an account statement and some domestic payment transactions shall always be charged on the last Saturday of the month, for the period from the last Saturday of the previous month to, and including, the last Saturday of the current month (hereinafter the "billing period"). The same period also includes transactions for which no fees are charged. Similarly, some fees may be charged for foreign transactions. Other fees are charged, in particular, on the day the related service is provided, or on the last day of the calendar month. If a fee is charged with currency conversion, the applicable exchange rate is always the current Czech National Bank's exchange rate valid for the day on which the fee is cleared. Unless otherwise agreed, the fees are always debited to the account in favour of which the service has been provided.
7. The fee for account maintenance and statements is not charged for the month in which the account was opened. Unless otherwise agreed, the fees for the transactions made in the month when the account was opened will be charged in the following month.
8. Any fee for a service provided during execution or other legal proceedings is only debited to the account after the lapse of the effects of all the decisions on the grounds of which ČSOB was required to block the funds in the account.
9. The fee for an Outgoing Payment placed indirectly (through the Indirect Payment Order Placement service) is charged according to Outgoing Internet Banking Payment for the given type of transaction.

10. The fees in the Notice of Fees communicated prior to the conclusion of a contract for a foreign currency account are given in Czech crowns.

Preferential account administration and benefits on other services

11. For selected accounts, ČSOB provides preferential account administration subject to the specified conditions. The conditions for the preferential account administration service for selected accounts are stipulated in the Price List (including accounts no longer offered). If the preferential conditions are limited to one account of the Client only, ČSOB shall provide them, in the case of more accounts, to the account that was opened as the first one unless ČSOB agrees otherwise with the Client.
12. The preferential account administration service may be conditional upon reaching a certain turnover value, i.e. funds at the specified minimum amount must be credited to the account during the calendar month concerned. Transfers between the Client's accounts kept with ČSOB are not counted towards the aforementioned turnover value. Fulfilment of the conditions for the preferential account administration service shall be assessed with respect to the previous calendar month. If the set conditions are not fulfilled, ČSOB shall charge the standard account administration fee as specified in the Price List. The account maintenance fee is not charged during the first 2 entire calendar months for newly opened accounts which carry the minimum turnover requirement. For Incoming payments from an account kept with ČSOB to an account that carries the minimum turnover requirement, the minimum turnover requirement shall be assessed with respect to the month of the payment.
13. ČSOB may provide certain benefits to selected groups of clients, for example, to clients of a certain age, handicapped clients holding a TP / ZTP / ZTPP card, or the holders who receive disability pensions and clients on maternity/parental leave. As a general rule, such benefits are usually granted on request. If the Account Holder requests a benefit during the term of the contractual relationship, it is provided to the Client subject to the fulfilment of the set conditions within 5 business days from the receipt of the request by the Point of Sale. ČSOB always informs the Client if the request for a benefit is rejected.
14. ČSOB may also provide the preferential account administration service to Clients who have certain links to either the ČSOB Group or any other entities (for example, to ČSOB's corporate clients; hereinafter referred to as the "Special Relationship Status"). A special relationship may include:
 - employment contract or similar relationship
 - membership in a statutory or other body
 - contractual relationship, under which the Client acts as a broker.

In order for the preferential account administration service to be provided, the Special Relationship Status must remain in effect; further conditions may be laid down by a relevant collective agreement. The Client must immediately notify ČSOB if the Special Relationship Status expires. ČSOB may verify the emergence, existence and expiry of the Special Relationship Status of the person claiming the Special Relationship Status. In certain cases, the Special Relationship Status requirement may be combined with the minimum turnover requirement, or any other requirement stipulated by ČSOB, or defined under the contract between ČSOB and the entity with regard to which the Client claims the Special Relationship Status.

III. PAYMENT SERVICES

General conditions and terms

1. Payment services denote the execution of payment transactions, i.e. depositing cash on, and withdrawing cash, and wire transfers of funds from one account to another. ČSOB executes such payment transactions against payment orders in accordance with the framework agreement and the relevant legal regulations.
2. ČSOB will refuse to execute a payment order if the obligation to deny such an order results from a legal regulation. ČSOB may refuse to execute a payment order that does not meet the conditions stipulated in the framework agreement, that is sent via data box, or with regard to which there is reasonable doubt that it has been placed by an authorised person (e.g., in connection with the misuse of payment means); ČSOB is not liable to the Client for any loss resulting from its failure to execute a payment order on the aforementioned grounds. Except for where doing so would contravene the law, ČSOB will inform the Client of the non-execution of the payment order, usually in Internet Banking, by post or by phone.
3. Payment transactions executed against payment orders placed using a payment card or via the e-banking service are also subject to the conditions and terms governing such means of payment.
4. Documentary transactions (such as letters of credit and guarantees), bills of exchange and checks are subject to special conditions. For SEPA direct debit, such Conditions shall apply only proportionally to the extent not governed by the special conditions.
5. Unless agreed otherwise, a payment order in hard copy may only be submitted using the prescribed form/document.

6. If permitted by the nature of the payment order, the Client is required to review the explanatory notes to the payment order prior to placing it (if such explanatory notes are available for the respective type of payment order) which are provided in the form or on the Website. When placing a payment order, the Client is obliged to follow the instructions provided in the relevant form (including explanatory notes), in the e-banking, or on the Website, and fill in all the data marked as mandatory. The binding instructions may also contain samples of filled-out forms available on the Website. A payment order in paper format must be legible and must not include any cross-outs, deletes or overwrites. The above applies similarly to direct debit orders.
7. If ČSOB keeps an account for the Client that is accessible through an e-banking, ČSOB may, with the Client's consent, transmit information about such account, balance thereon and payment transactions made to the provider of the Providing Information on the Payment Account service.

Authorisation of payment transactions

8. ČSOB executes authorised payment transactions only. A payment transaction is authorised if the Client gives their consent to it. By granting their consent, the Client at once confirms they have reviewed information relating to the transaction before authorising it.
9. The Client authorises the payment transaction:
 - a) in the case of a payment order, in paper form, by attaching a handwritten signature according to the current Signature Specimen and/or using another method of authorisation agreed under a contract or determined by ČSOB. ČSOB will confirm the acceptance of the payment order in paper form by a bank employee by stamping a copy of this payment order, or by stamping a separable part of the relevant document.
 - b) for a payment order entered via the e-banking service, using the authorisation elements specified in the relevant contractual provisions
 - c) for a payment order placed via a payment card, or other means of payment, in accordance with the relevant contractual provisions

Execution of a payment transaction

10. ČSOB executes payment transactions on business days (and on non-business days for selected transactions) in the manner and within the time limits stipulated in the "TIME LIMITS FOR THE EXECUTION OF PAYMENTS". ČSOB shall debit the funds to the Client's account once the payment order is accepted, provided all conditions agreed for the execution thereof have been met and the Client does not require a later maturity date. The time of receipt of a payment order shall be determined on the basis of the time and the method of its transmission to ČSOB - for detailed conditions see the section on "TIME LIMITS FOR THE EXECUTION OF PAYMENTS". If a payment order is received outside ČSOB's business hours or after the agreed time (the so-called cut-off time), the payment order shall be deemed accepted at the start of ČSOB's business hours on the very next business day. The cut-off time for individual Czech Post branches is published in the premises of these branches.
11. Unless the "TIME LIMITS FOR EXECUTING PAYMENT SERVICES" section stipulates otherwise for a specific type of payment order, the payment order submitted at a Czech Post branch is deemed to be received on the business day following the day of its submission.
12. Unless stipulated otherwise for specific types of payment transactions in the Conditions and Terms, ČSOB has the right not to execute a payment order unless sufficient funds are available on the account of the Client, as a payer, on the required due date.

The following applies for domestic payment services:

- If there are not sufficient funds available on the payer's account by the end of the 2nd business day (or more precisely 2nd calendar day in case of transfer in CZK to an account maintained with ČSOB) following the due date, the payment order for Outgoing Payment, Direct Debit, Standing Order and Standing Order set up indirectly will not be executed.
- Unless sufficient funds are available on the payer's account on the due date to execute an outgoing priority payment, including the payment of a fee, an outgoing instant payment, SIPO direct debit, transfer order given indirectly, instant payment made indirectly, standing transfer order regarding a variable amount exceeding the selected account balance or a transfer order between the accounts of one and the same Client placed via the e-banking, the payment order will not be processed on the due date and will not be executed.
- ČSOB may at all times charge a payment made by a payment card for Czech Post services to the account, to which the card has been provided.

The following applies for international payment services:

- Unless sufficient funds are available on the payer's account at the beginning of the 3rd business day following the due date (as soon as the banking system opens), the Outgoing payment order and Standing order will not be executed.

- In the case of a transfer order given indirectly, unless sufficient funds are available on the payer's account no later than at the beginning of the business day following the due date (as soon as the banking system opens), the order will not be executed.
13. If the payment order indicates a due date that does not fall on a business day, ČSOB shall execute the payment order on the nearest business day. This does not apply to the following transfer payment orders in CZK if both the payer's account and the beneficiary's account are kept with ČSOB, to an Outgoing instant payment and to Payments to contact entered as instant:
- An Outgoing payment order entered through e-banking/credit card
 - Standing order and standing order for direct debit.
14. ČSOB shall not execute a payment order with a due day that occurs more 365 days after the date of its transmission.

Withdrawing a payment order

15. The Client may only withdraw a payment order in the cases, using the method and within the time limits agreed in the section on "TIME LIMITS FOR THE EXECUTION OF PAYMENTS". The following payment orders cannot be withdrawn:
- Outgoing instant payment
 - Payment to contact entered as instant
 - For payments for the services of the Czech Post entered by a credit card at the Czech Post

Liability for an incorrectly executed/unauthorised payment transaction

16. A payment transaction shall be deemed to have been duly executed if it has been executed in accordance with the payment order.
17. The Account Holder / Authorised Account User shall notify ČSOB in writing of any unauthorised or incorrectly executed payment transaction without undue delay after becoming aware thereof, usually by phone via the Client Centre, at any ČSOB or Česká pošta, s.p. branch and in other forms specified in the ČSOB Complaint Rules (unless the relevant conditions applicable to the specific payment means, using which the payment has been made, specify a different form of the notification), and in any event at the latest within 13 months of the date, on which the funds were debited to the payer's account. If they fail to do so, and ČSOB objects to this fact, the Account Holder's rights resulting from the unauthorised or incorrectly executed payment transactions may not be acknowledged.
18. ČSOB shall be liable to the Account Holder, as a payer, for an incorrectly executed payment transaction, except where ČSOB shows to the Client or the beneficiary's provider, that the amount of the incorrectly executed payment transaction has been duly credited to the beneficiary's provider's account in a timely fashion: If that is the case, the liability to the beneficiary for the incorrectly executed payment transaction shall rest with the beneficiary's provider.
19. Where ČSOB is liable to the Account Holder, as a payer, for an incorrectly executed payment transaction and the Account Holder informs ČSOB that they do not insist on the execution of the transaction, ČSOB shall immediately restore the balance at the account, to which the amount of the payment transaction was debited, as if the incorrect execution of the payment transaction did not occur at all. If that is impossible, ČSOB shall return to the Account Holder the amount of the incorrectly executed payment transaction, any fee paid, and the lost interest in a different way. This procedure shall not apply if the Account Holder only informs ČSOB that they do not insist on the execution of the payment transaction after the amount of the payment transaction has been credited to the beneficiary's account.
20. Where ČSOB is liable to the Account Holder, as a payer, for an incorrectly executed payment transaction and the Account Holder does not inform ČSOB that they do not insist on the execution thereof, ČSOB shall immediately make sure that the amount of the incorrectly executed payment transaction is credited to the account of the beneficiary's provider and restore the balance at the payer's account as if the incorrect payment transaction did not occur at all. If that is impossible, ČSOB shall return to the Account Holder the amount of the incorrectly executed payment transaction, any fee paid, and the lost interest in a different way.
21. Where ČSOB is liable to the Account Holder, as a payer, for an incorrectly executed payment transaction, ČSOB shall immediately restore the balance at the Client's account, as if the incorrect payment transaction has not been executed at all. If that is impossible, ČSOB shall return to the Account Holder the amount of the incorrectly executed payment transaction, any fee paid, and the lost interest in a different way.
22. If an unauthorised transaction is made, ČSOB shall, as soon as it learns of such a transaction but no later than the end of the business day following the day on which the Account Holder / Authorised Account User reports such a transaction, restore the balance of the account from which the transaction is debited as if the transaction had never happened. If that is impossible, ČSOB shall return to the payer the payment transaction amount, any fee paid, and

the lost interest in a different way. The aforementioned time, however, shall not begin to run if ČSOB has reason to believe that the Account Holder / Authorised Account User has acted fraudulently and reports this fact to the Czech National Bank. ČSOB shall not be obliged to return the amount of an unauthorised payment transaction pursuant to the first sentence if the loss therefrom is borne by the Account Holder.

23. The Account Holder shall bear the loss from an unauthorised payment transaction:

- a) up to the amount of € 50 if it was due to the use of a lost/stolen payment means or due to its misuse, except where the Account Holder / Authorised Account User has not acted fraudulently and
 - they could not have ascertained the loss/theft/misuse of the payment means before the unauthorised transaction was made, or
 - the loss/theft/misuse of the payment means was due to the conduct of ČSOB;
- b) in full if it occurred as a result of the Account Holder's / Authorised Account User's fraudulent conduct or owing to the fact that the Account Holder / Authorised Account User breached their obligation, intentionally or due to gross negligence, to use the payment means in accordance with the contract, to protect it (its security features) against loss/theft/misuse and to report the loss/theft/misuse, if applicable, of the payment means to ČSOB without undue delay, except where the Account Holder / Authorised Account User has not acted fraudulently and:
 - the loss was incurred after the Account Holder / Authorised Account User had reported the loss/theft/misuse of the payment means to ČSOB, or
 - ČSOB failed to secure suitable means for reporting it, or
 - ČSOB breached its obligation to demand strong verification of the Account Holder / Authorised Account User.

24. ČSOB shall use the Czech National Bank exchange rate valid as at the relevant date to convert the loss arising from an unauthorised payment transaction that is borne by the Account Holder.

25. If ČSOB refunds the amount of an (allegedly) unauthorised payment transaction to the Account Holder and finds out afterwards that the Account Holder was not entitled to the refund thereof as:

- it was not an unauthorised payment transaction, or
- the loss from the unauthorised transaction is borne, in whole or in part, by the Account Holder,

ČSOB may deduct the amount, to the extent to which the Account Holder was not entitled to the refund thereof, from any account of the Account Holder held with ČSOB without the Account Holder's consent.

Exchange operations

26. ČSOB exchanges one currency into another using ČSOB exchange rates valid on the day of the exchange. If the value to be exchanged in CZK exceeds CZK 1,5 million (or the equivalent value in the foreign currency), ČSOB shall use an exchange rate derived from the current exchange rate in the interbank foreign exchange market. In the event of major exchange rate fluctuations in the interbank foreign exchange market, ČSOB may adjust ČSOB exchange rates within a single business day. In the Price List, ČSOB may set a limit on the number of exchange transactions to be executed between multiple accounts of one and the same Client; if the Client exceeds the limit, ČSOB may block the Client's payment means, using which the Client has placed orders to execute the exchange operations.

27. Information on the exchange rates (list of exchange rates) is posted within the premises of all ČSOB branches and on the Website. For an Outgoing payment or Standing payment order involving a currency exchange between the accounts of one and the same Client kept with ČSOB through the e-banking, the exchange rate is communicated to the Client using the e-banking.

28. To convert the transferred amount from the currency of the Client's account, where the Client is a payer, to the transfer currency, ČSOB will typically use the currency – sale exchange rate of the currency being transferred according to ČSOB's exchange rate list in force at the time of the transfer (from ČSOB's perspective, this transaction will amount to selling the transfer currency to the Client). If neither the transfer currency nor the currency of the Client's account is CZK, the exchange rate is determined as the ratio of the currency – purchase exchange rate of the account currency and the currency – sale exchange rate of the transfer currency.

To convert the transferred amount from the transfer currency to that of the Client's account, where the Client is a beneficiary, ČSOB will typically use the currency – purchase exchange rate of the transfer currency according to ČSOB's exchange rate list in force at the time of the transfer (from ČSOB's perspective, this transaction will amount to purchasing the transfer currency from the Client). If neither the transfer currency, nor the currency of the Client's account is CZK, the exchange rate is determined as the ratio of the currency – purchase exchange rate of the transfer currency and the currency – sale exchange rate of the account currency.

29. If the amount of the transfer exceeds EUR 1,000 (or the equivalent in the other currency), the Client, as a payer, and ČSOB may agree on a personalised exchange rate (for a transfer order placed in electronic banking, by telephone through the Client Centre, or alternatively via a ČSOB branch or in paper format in the "further

instructions" box). If a personalised exchange rate is approved, ČSOB will affect the exchange at this rate; otherwise, it shall affect the exchange in accordance with the general rules; ČSOB will include information on the exchange rate in the account statement.

Non-cash payment services

General conditions and terms

30. For payments made in HUF (Hungarian Forint), ČSOB rounds the amounts of the transactions in a standard manner, to figures without decimals.
31. ČSOB transfers funds in CZK and selected foreign currencies, which are listed on the Website.
32. A payment order in paper form may only be submitted to ČSOB at a Point of Sale during its opening hours, either to the relevant employee of the Point of Sale. Where permitted by ČSOB, a payment order may also in certain cases be transmitted to ČSOB in paper format through selected third parties.
33. ČSOB may withdraw its consent to direct debit or a standing order established in favour of an account kept by a bank that no longer exists; ČSOB shall inform the Client thereof.

Domestic payments

34. Domestic payment services denote transfers of funds in CZK within the Czech Republic.
35. Domestic payment services mainly take the form of:
 - a) Outgoing payments (Outgoing payment order may also be given as bulk),

ČSOB is entitled to change the amount of the limit per transaction. The Client can verify the execution/non-execution of an Outgoing instant payment in the relevant e-banking service.
39. A Payment to contact order can only be made in CZK (currency conversion is not allowed) in the minimum amount of CZK 1 and the maximum amount of CZK 5,000 per transaction, if the beneficiary's bank accepts such payment and if the beneficiary has a registered phone number. In a direct debit order in printed format, where the amount is to be debited to a payer with another domestic provider, the Client must indicate a due date that comes at least 1 business day after the order is transmitted to ČSOB if the order is transmitted to a bank teller. A consent to direct debit granted as described above may only be amended or withdrawn by the beneficiary. If the consent to direct debit has been granted using a form in paper format, the Client, as a payer, must sign it using their current Specimen Signature, or authorise it in another manner agreed or specified by ČSOB. A consent to direct debit granted via the e-banking service, or in another manner authorised by ČSOB, shall be confirmed by the Client in the manner agreed for the specific payment means concerned.

45. Czech Post always informs the Account Holder about the amount of SIPO direct debit in advance. ČSOB executes SIPO direct debit on two dates. If the funds on the account are insufficient on the first date, direct debit is attempted again on the second date. If the funds are still not sufficient on the second date, the direct debit is executed.
46. The Client shall be obliged to terminate a consent to SIPO direct debit unless they use the account kept with ČSOB for direct debits.
47. ČSOB may cancel a consent to direct debit if no payment transactions have been executed on this basis during the last 12 calendar months; ČSOB shall inform the client thereof.

The phone conversation between ČSOB and the Client will be recorded. If, following such notification by ČSOB, the Client adds to, corrects or clarifies the data over the phone or by e-mail (as requested by ČSOB), the very act will be regarded as an expression of the Client's will and it will replace their original expression of will made in the respective payment order with regard to the information additionally provided by the Client.

Amendments to the framework agreement

8. ČSOB may propose to the Client to amend to a reasonable extent the framework agreement (i.e. to amend the actual account contract, the present Conditions and Terms, or other contracts, under which the related payment services are provided to the Client, and the conditions applicable to such services, the Price List and any other arrangements comprising the framework agreement within the meaning of the PTA) due to changes in legislation, its interpretation or changes in standards applicable to the banking market; changes in the situation on financial markets or the banking services market; developments in market and risk indicators, including capital adequacy requirements; developments in the technology and security of banking services; optimisation of banking products and services or changes in ČSOB's business policy. If the Client refuses the proposed amendment before its effective date, they have the right to terminate the contract affected by the amendment at no charge and with immediate effect.
9. By way of derogation from the previous clause, ČSOB and the Client agree that ČSOB may unilaterally amend the framework agreement or a part thereof in the event that the amendment made for the reasons specified in the previous clause does not have any negative impact on the Client in terms of the parameters and price conditions applicable to the product, service or payment means concerned.
ČSOB shall generally inform the Client of such changes in advance via e-banking, by posting the information on the Website, sending a statement, email or data message. The Client may also check the information about such changes at Points of Sale.
